# GREENLIGHT Bond Cover

GREENLIGHT BOND COVER gives you the following features that you can tailor to suit your needs and pocket.

## LIFE COVER

The Death Benefit can provide for remaining family members on your death. Funds will be available to pay for the family's home and for any outstanding debts. If the cover amount exceeds the outstanding bond amount, the balance is paid out to your dependants.

## EARNING ABILITY COVER

We'll help you choose the widest GREENLIGHT Earning Ability Cover that you're eligible for. This benefit accelerates payment of your Death Benefit Cover Amount. You can pay off your remaining bond if you are permanently unable to work due to illness or injury, providing peace of mind that your home is secure – even if you can't earn an income.

## RETRENCHMENT COVER

GREENLIGHT Retrenchment Benefit provides a monthly income, allowing you to meet your monthly bond instalments if you are retrenched, for up to 6 months while you are looking for alternative employment.
